

*The Monta Vista PTSA
invite students and parents to the presentation of*

CHALLENGE SUCCESS

The Well Balanced Student

Presented by Gina Morris

- One of the major programs of the Monta Vista PTSA in 2013/2014 is our sponsorship of Monta Vista High School participation in Challenge Success. Challenge Success is a Stanford University based organization that provides research-based solutions aimed at increasing student engagement and reducing stress while thinking about success over a longer time frame. As part of this program, we are again offering a parent and student education event on “The Well Balanced Student”.
- Our speaker, Gina Morris, with a master’s degree from Stanford, is the Parent Education Program Director for Challenge Success. Gina will also discuss what the Monta Vista Challenge Success team is working on, how the whole Challenge Success process works, and what we hope to see happen for Monta Vista High School.
- Freshman parents and students please be sure to join us for this presentation to understand more about this school-wide effort!

Tuesday, February 11th, 7:00 - 8:30 pm
Monta Vista High School Library

21840 McClellan Rd, Cupertino, CA 95014

Light refreshments will be served.
